Re: Agenda Item II: Service Elimination for 100X – Halls Express

In order to maintain the KAT budget and eliminate unproductive routes, KAT proposes to the elimination of the 100X – Halls Express.

Currently, the route operates on weekdays with one trip in the morning and one return trip in the afternoon.

This route has consistently ranked in the lowest quartile of productivity, and has not received requested county funding for its continuance.

The current map and schedule are attached. If approved, the route would stop effective August 17, 2009.
