VARIANCE REQUIREMENTS

City of Knoxville Zoning Ordinance Article 16, Section 16.3

The City of Knoxville Board of Zoning Appeals shall have the power and authority to grant variances from terms of this ordinance according to the procedure and under the restrictions set out in this section.

The purpose of the variance is to modify the strict application of the specific requirements of this ordinance in the case of exceptionally irregular, narrow, shallow or steep lots, or other exceptional physical conditions, whereby such strict application would result in practical difficulty or unnecessary hardship which would deprive an owner of the reasonable use of his land. The variance shall be used only where necessary to overcome some obstacle which is preventing an owner from using his property as the zoning ordinance intended.

DESCRIPTION OF APPEAL

Describe your project and why you need variances.

I am attempting to build a ~~retirement~~ home on the lot adjacent to my current home. We were told the front setback was 30'; we did that. We were never told that the city is requiring a minimum setback based on average blockface. We cannot do that because FEMA has increased area of flood lines; we are on 4th creek. If we are forced to be 58.5' for average blockface this lot is unusable. We are only attempting to build 2200 sq. ft plus garage for 2 cars. Also have heavy tree screening between Westland Dr. and houses so will not be able to see house from road.

Describe hardship conditions that apply to this variance.

My 83 year old husband has alzheimers. I am attempting to build a house that is safe for him.

APPLICANT AUTHORIZATION

I hereby certify that I am the authorized applicant, representing ALL property owners involved in this request and that all owners have been notified of this request in writing.

Dear Mr. Elder:

Re: Variance Requests 8-A-21-VA, 8-C-21-VA, 8-F-21-VA, 8-G-21-VA, 8-I-21-VA, and 8-J-21-VA

We have reviewed our records and, as far as we have been able to determine, KUB has no existing utility facilities located within the variance areas and we have no objection to the requested variances. However, KUB does not release and hereby retains all easements and rights for existing facilities, whether or not identified in our research.

If you have any questions regarding this matter, please call me at (865) 558-2483.

Sincerely,

Christian Wiberley, P.E.
