Budget Detail	52
----------------------------	-----------

This section provides an overview of major initiatives for the Fiscal Year 2022-2023 (FY 22/23) budget, describes some of the factors that have impacted the preparation of this budget, and highlights significant changes between this budget and the prior year budget. More detailed explanations of these changes are found later in the document.

Services, Infrastructure, and Partnerships

The FY 22/23 budget, like all budgets, serves two main functions. First, the budget serves as the legal authority for the City to spend funds. Secondly, and perhaps more importantly, the budget reflects the values of our City and serves as a guide for how we will advance and deliver on our key priorities.

This budget focuses on the core mission of the City to provide high-quality services, create and maintain infrastructure, and work through partnerships to advance opportunity and address challenges in our community.

As the City advances that mission, Mayor Kincannon's administration focuses on five key priorities that help shape and drive the strategies and investments the City will implement in the coming year.

- Public Safety
- Healthy and Connected Neighborhoods
- A Clean and Resilient Future
- Thriving Businesses and Good Jobs
- Good Governance

When we invest public funds, we are investing in the services, infrastructure, and initiatives necessary to grow and improve our community and support the people who live, work, and visit Knoxville. Our budgeting decisions today have a lasting impact: good decisions create economic returns and enhanced quality of life, while poor decisions can limit future flexibility and create unanticipated consequences. This budget reflects a responsible and forward-looking commitment to make the necessary investments in the services and infrastructure that residents and businesses rely on and that support Knoxville's neighborhoods and economy.

This is a budget that is balanced – and secures the City's ability to provide critical services and infrastructure amidst a challenging economic landscape of rising costs, labor constraints, and the ongoing need to both address and recover from the impacts of the pandemic.

General Overview

The FY 22/23 proposed budget upholds the City's commitment to provide Knoxville's residents and businesses with core services and infrastructure, while addressing a critical gap between recurring expenditures and revenue.

Over the last five years, the City's expenditures have grown at an average rate of 3.62%, while revenues – though stronger than expected during the pandemic – grew only at an average rate of 2.41%. This gap is – and has been for multiple years – driven largely by the higher costs associated with providing core services and infrastructure.

Employee compensation and personnel costs comprise 38% of the City's total net budget (47% of the General Fund) and have grown at an average rate of 10.03 % over the last three years. Despite those increases, employee compensation lags 10% behind the market, a deficiency that has led to increasing vacancies and threatened the ability of City staff to deliver critical Police, Fire and other departmental services. Closing this compensation gap in order to secure those critical services is a key driver of this budget, with Personnel Services increasing by \$17,751,060 or 12.17 % in FY22/23.

Meanwhile, supply chain challenges and inflationary pressures have dramatically increased the cost of City infrastructure projects and other service charges, a trend that is expected to continue. From June of 2020 to June of 2021 products/materials for construction rose 24.1% and for December of 2020 to December of 2021 the rise was 19.6% according to the Bureau of Labor Statistics (www.bls.gov/ppi). Locally, the City has experienced these significant increases in the costs of basic infrastructure projects like road paving and sidewalk repairs, as well as increases to larger projects such as the Public Safety Complex. Additionally, fuel prices are on the rise. For example, in the Spring of 2021 the City paid \$1.82/gallon of unleaded and \$1.87/gallon of diesel whereas in the Spring of 2022 the City is paying approximately \$3/gallon for unleaded and \$3.65 /gallon for diesel resulting in 65% and 95% increases for gas and diesel respectively.

Despite these increased expenditures, only modest growth is expected, in the near term, for real and personal property revenue, revenue from public utility values such as AT&T, trucking firms, etc. assessed by the State, and the Knoxville Utilities Board Payment In Lieu of Taxes (PILOT) revenue. It is important to note that, due to State law requiring cities to reexamine property tax rates after a reappraisal, increases in local property tax assessments do not result in increased tax revenue. As a result of this law and the impacts of inflation over time, the tax rate, set at \$2.4638 per \$100 of assessed value for FY21/22, is actually worth 48 cents less, in present day value, than the \$2.4638 rate back in 2011. The chart below depicts the devaluation of the tax rate from 2011 to 2021 due to inflation. Also of note, is the fact that the 2022 inflation rate to date of 8.4%, per the CPI, is notably higher than in past years.

Maintaining sound finances amidst these challenges is imperative. Pressing obligations to fund salaries, the pension, and other critical expenses require a tax adjustment. This FY 22/23 budget proposes a property tax rate of \$2.9638 per \$100 of assessed value, which is an increase of 50 cents from the previous year. Of this amount, \$0.2158 goes to the Debt Service fund and \$2.7480 goes to the General Fund to address critical funding gaps facing core services and infrastructure. This increase restores the value of the tax rate much closer to its value of approximately ten years ago (only a net 2 cent raise when inflation is taken into account). In other words, when adjusted for inflation, the proposed new tax rate is actually worth only 2 cents more, in present value, than the \$2.4638 rate set back in 2011. The average residential taxpayer, whose property is appraised between \$75,000 and \$150,000, will pay approximately \$10.42 more each month than they did previously.

The total proposed budget for FY 22/23 is \$546,522,620 which is 12.8% (or \$62,189,050) higher than the FY 21/22 budget. The increase is largely attributable to the Federal and State funds provided to the City for FY 22/23 and the implementation of most of the recommendations from the recently conducted Compensation Study. The net budget (i.e., excluding inter-fund transfers and charges which are effectively double counted within the budget) is \$434,100,640. The budget for the General Fund, which is the main operating fund of the City, equals \$275,615,900.

Investing in Core Services

The work of the City to provide services that protect public health and safety is a primary and core function of City government. People deserve to be and feel safe in Knoxville, and our community cannot thrive unless residents are safe and secure. The single largest portion of the FY22/23 operating budget is the compensation and benefits of the 1,620 City full-time and part-time employees who provide those services in neighborhoods across the community.

The proposed FY22-23 General Fund operating budget increases approximately 8.7% (\$22,057,770) when compared to the prior year, with increases largely driven by higher salary, benefits, and operating expenses.

Recognizing that lagging employee retention and recruitment threatened the City's ability to provide essential City services, the City contracted with Management Advisory Group, Inc. to perform a comprehensive, third-party analysis of employee compensation across all departments. This proposed budget incorporates many of the recommendations from that analysis, including adjustments to city employee salaries where needed, as well as a 6% across-the-board increase for all employees (less specified Mayor's executive staff) to boost recruitment and retention and adjust for inflation.

The top objective of competitive compensation is to attract and retain quality employees at the staffing levels needed to provide essential services, a focus that also requires strong Human Resources (HR) strategies and programs. This budget adds an administrative manager position to the City's HR department. It also adds a financial analyst to the Finance Department, transitions an existing grant funded homelessness coordinator to a full time city funded homelessness coordinator in Housing and Neighborhood Development, and adds a combination building inspector to the Plans, Review, and Inspection Department. The additions ensure these departments have the staff to perform critical functions and keep up with the increased workloads associated with a growing city. In total, budgeted personnel for FY 22/23 total grows from the FY 21/22 Adopted Budget's amount of 1,574 full-time positions to 1,590 in the FY 22/23 Proposed Budget. This represents an increase of 16 full-time positions with part time positions decreasing by one. The increase of 16 full time employees includes the four new positions mentioned above as well as the 12 KPD cadet positions approved by a budget ordinance amendment during FY 21/22.

As in the past, the largest portion of the net operating budget is devoted to the operations of the Police and Fire Departments, with the majority of that funding—approximately \$163.5 million directly supporting the pay and benefits for the men and women in uniform who work daily to keep our community safe.

Maintaining & Investing in Infrastructure

This budget also invests in the critical infrastructure that Knoxville's economy and neighborhoods rely on. Capital spending for FY 22/23 totals \$77,803,110 which is an increase of approximately 70% (or \$32,036,790) compared to the FY 21/22 budget. Capital project budgets reflect increased project costs as a result of inflation, as well as intentional decisions to invest in the upkeep of critical infrastructure, such as roadways, storm sewers, and other public assets. The City's capital budget also reflects core administrative goals to promote public safety, healthy neighborhoods, sustainability, and good jobs. The capital budget is funded by many different funds - the primary ones being the general fund, debt service fund, various grants, and through leveraging one-time support made possible by the Federal American Rescue Plan Act (ARPA). More specifically, just over \$41 million of the total proposed capital budget entails the use of one-time Federal and State funds.

The Capital Budget continues to invest in Public Safety, providing \$609,000 in capital for Fire Department vehicles, equipment, training resources, and fire hall maintenance. It also funds \$1,684,480 for Police Department investments, including equipment replacement and the creation of a Real Time Crime Center at the Public Safety Complex, a critical tool in providing monitoring and more rapid response to both personal and property crimes across the City. Other capital investments include \$137,000 for equipment for the Knoxville-Knox County Emergency Management Agency, as well as \$496,000 in capital investments in security and safety improvements at facilities across the City.

In line with Vision Zero principles of eliminating roadway fatalities and serious injuries, safe and reliable infrastructure to support the mobility of all users of Knoxville's transportation systems, including bicyclists and pedestrians, continues to be a focus of this year's capital budget. This budget invests \$800,000 to support pedestrian infrastructure and improvements, including funds for new sidewalks, curb cuts and sidewalk repairs across City neighborhoods. An additional \$8.6 million is invested in highway infrastructure which also supports bicyclists and pedestrians at specific high-priority locations, including funds to create separated, bike-pedestrian paths on Washington Pike, Neyland Drive, and the East Knox Greenway connecting Harriet Tubman Park and the Knoxville Botanical Gardens and Arboretum. A total of just over \$10.8 million is provided for critical roadway safety investments such as repairs to roads, bridges, guardrails, signage, signals and other basic safety assets across the City.

The FY 22/23 budget invests in neighborhood scale amenity improvements and revitalization across the community. The budget includes \$10.2 million for park improvements throughout the City, including more significant investments at Augusta Quarry Fort Dickerson Park, Lakeshore Park, Ijams Nature Center, Lonsdale Park, Williams Creek Golf Course, and the Urban Wilderness. It also includes \$250,000 to continue ADA accessibility improvements in our public facilities in addition to the ADA improvements being made as part of all major capital projects.

City infrastructure investments also make Knoxville more sustainable and resilient to the threats and hazards that our community faces, including climate change. This budget leverages Federal and State funding associated with the American Rescue Plan Act (ARPA) to provide a total of over \$20 million for critical support for our City's stormwater infrastructure. This includes funding for priority investments such as the Cherry Street Drainage Project (\$2.3 million), Stormwater Asset Management (1.45 million), Flood Mitigation and Resiliency (\$1.3 million), Dilapidated Pipe Remediation (\$1 million), Water Quality Improvements (\$2.25 million), and Stream Corridor Restoration (\$500,000) among others. Investments in the efficiency of municipal facilities through equipment and operational improvements reduce utility bills and create a return on investment for taxpayers while also reducing environmental impacts. In addition to funding \$950,000 for repairs and upgrades to roofs and heating, ventilation, and air conditioning equipment, the budget also continues to fund the Sustainability Innovation Fund with \$75,000 to support training and equipment that reduces utility costs at City facilities.

Supporting Partnerships

In addition to providing basic services and infrastructure, the City also advances its mission and administrative priorities through partnerships that leverage both public and private resources to solve tough challenges that face the Knoxville community.

Public Safety Partnerships

In addition to investing in the Police and Fire Departments, the proposed budget invests a total of over \$5.8 million to maintain and expand critical partnerships with numerous institutional and community partners that provide critical services addressing specific public safety challenges. This funding includes support – both through grants and contracts – to long-standing partners such as the Family Justice Center, the Behavioral Health Urgent Care Center, Young Williams Animal Center, and Helen Ross McNabb, providing funding totaling \$2,295,000 to these critical partners. The City also continues to support E-911, with funding of \$2,019,140 to provide 9-1-1 dispatch services to the Knoxville community, an increase of \$100,000. From the more than \$1.5M provided for Community Agency Grants, this budget provides over \$533,000 to local non-profits directly engaged in the critical work of responding to local health needs, including mental health and addiction, and providing safe and enriching programming for Knoxville's youth. Additionally, the Violence Interruption Fund will receive \$750,000 to support the City and its partners in implementing evidence-based, community-informed strategies specifically designed to reduce homicides and potentially-lethal violent crimes in Knoxville.

Affordable Housing Partnerships

Partnerships to preserve and increase the supply of affordable housing are some of the most important strategies that the City invests in to support a growing and thriving community. The proposed FY22/23 budget continues to fulfill Mayor Kincannon and City Council's pledge to invest \$50 million over 10 years in the Knoxville Affordable Housing Fund, appropriating a total of \$8,572,960 for the upcoming year. This includes \$4.2 million toward the Transforming Western plan for Western Heights, \$1.6 million to support the First Creek at Austin Homes development, and \$2.5 million for the Affordable Rental Development Fund.

Among the most visible signs of the affordable housing crisis in Knoxville are encampments of individuals experiencing unsheltered homelessness. As in past years, the FY22/23 budget allocates over \$1,000,000 of local funds directly to prevent homelessness and address the needs of those experiencing homelessness, including street outreach and support for The Foyer, a low-barrier shelter, as well as ongoing operations of mobile shower facilities. Critically, local funds to address homelessness are supplemented by an estimated \$1.3 million in Federal funds that flow through the City to local partners; the total Federal funding expected across the FY22 and FY23 fiscal years totals more than \$5.5 million. One critical element of addressing homelessness is housing; through the Knoxville Affordable Housing Fund, this budget

Partnerships for a Clean, Thriving Economy

As the Knoxville economy continues to grow, the City and our partners work to ensure that growth reflects the needs of the 21st century economy and workforce and creates opportunities for all community members. The proposed budget includes a total of \$1,181,000 to support Knoxville economic development partners: the Knoxville Chamber, Knoxville Community Development Corporation (KCDC), and the Knoxville Entrepreneur Center. This includes continued funding to support business development in Knoxville's Latino community in partnership with Centro Hispano and funding for the Knoxville Entrepreneur Center to support small businesses, including the 100Knoxville project to grow Black-owned businesses and The Maker City initiative. It also includes \$100,000 to support the Spark Cleantech Accelerator that aids early-stage, high-growth companies focused on solutions targeting the climate crisis while simultaneously supporting Knoxville's regional advanced energy economy.

In today's world, access to high-speed, high quality broadband internet opens the door to educational and economic opportunities. With the support of the Knoxville City Council, KUB is moving forward to provide municipal broadband services to every electric customer, with the first homes scheduled to come online in the fall of 2022. To ensure that this investment achieves its goal of increasing digital access and equity, this budget includes \$300,000 in funding from the City to support KUB's Student Internet Access Program that will provide free internet access to qualifying low-income student households. This funding is partially offset by expected increases in payment-in-lieu-of-tax payments from KUB to the City in FY23.

Other Partnerships

Finally, this budget continues to support efforts to enhance the quality of life in our community, helping bring people together to help support each other, find connection, and celebrate our rich culture, history, and art. In addition to supporting public art, it provides \$1,512,500 through Community Agency Grants that support dozens of arts & culture partners, non-profit service providers, youth-serving organizations, and other local partners that serve and connect Knoxville residents.

Supporting opportunities for families to thrive financially and academically is a community-wide partnership. The budget reaffirms our commitment to the Boys and Girls Club (\$260,000), Community Agency Grants (\$1.5 million), and this budget provides \$575,000 in funding for local non-profits engaged directly in the critical work of providing enriching and safe programming for young people, promoting literacy and career education, and supporting the unique and urgent needs of Knoxville residents.

Long-term Financial Plans, Goals and Strategies

Looking toward the future, the Mayor has outlined five major goals for her administration and future budgets: Public Safety, Healthy and Connected Neighborhoods, a Clean & Resilient Future, Thriving Businesses and Good Jobs, and Good Governance. As such, the City of Knoxville has invested in several projects that further these goals. Just some of these investments are: the Austin Homes Project for the development of low-income housing. This project will cost approximately \$14M in local dollars from FY 20/21 through FY 22/23 and leverages another \$83 million in federal, private, and other agency funds to complete the project. Funding from the new Affordable Housing Trust Fund will provide \$1.6 million in additional dollars toward this initiative in this FY 22/23 budget. Some other major projects that the City funds each year to improve transportation and quality of life are the Citywide Resurfacing Program, Bridge Maintenance Program, Curb Cuts Program, ADA Access Improvements Program, and the Guardrail Replacement Program. Each of these programs has been, and will likely continue to be, funded into the future.

Future Challenges and Opportunities

Challenges: Looking forward, the City faces various financial challenges such as the loss of “one-time” State and Federal American Rescue Plan Act (ARPA) funds and the loss of ARPA related Federal Transit Authority (FTA) grants to Knoxville Area Transit (KAT). More specifically, the City received approximately \$21 million in ARPA funds during FY 21/22 and is scheduled to receive this same amount for FY 22/23. Additionally, for FY 22/23 the City is anticipating receiving approximately \$20 million from the State of Tennessee’s ARPA related dollars for various water type capital projects. The receipt of FTA ARPA funds reduced City transfers to KAT by \$8 million and \$13 respectively in the two previous fiscal years. After FY 22/23 the City does not expect to receive any of these one-time sources of funds and that will curtail the spending for robust capital projects as well as standard community services across multiple years

Increasing inflation and the gap between expenditure and revenue growth rates are another challenge area. Inflation is an anticipated challenge for future budget years in that construction costs and fuel costs, as explained earlier, have risen sharply from pre-pandemic levels to the present and will likely continue for some time. This means that basic infrastructure projects like road paving, sidewalk repairs, bridge maintenance, and other projects will cost more going forward.

Another future challenge is the increased cost to the City regarding its pension plan/fund. Specifically, a 2021 experience study was conducted by the Pension Board projecting longer life expectancies for the membership along with the need to factor in mortality improvements to comply with state statutes as well as reducing the expected rate of return from the fund’s numerous investments based on market analyses. As such, the Pension Board will lower the expected rate of return by 25 basis points over a five-year period beginning in FY 24. This will result in increased projected payments to the Pension Fund of \$6.1 million that will be spread across five years (FY 23/24 to FY 27/28). The budget, in accordance with the charter and sound financial practice, fully funds the annual required pension contribution and must address the projected increase in the unfunded liability to ensure the plan remains actuarially sound.

The full loss of the Hall Income Tax, which provided between \$4.1 million and \$11.6 million annually to the City in past years, is another substantive challenge.

Finally, the difference between the expenditure growth rate (3.62 average over the past five fiscal years) and the revenue growth rate of 2.41% causes concern for the out-years. However, this expenditure growth rate is to be expected in a growing city like Knoxville and the proposed property tax rate increase along with the benefits of various increased revenues (as explained below) should do much to reduce this gap in the near term.

Opportunities: While the City faces some future challenges, it also faces substantial financial opportunities such as positive revenue outlooks with regard to local option and state shared sales tax revenues, hotel/motel tax, increased revenue from property taxes, and growth in new businesses. Specifically, the state shared and local option sales tax revenues continue to grow each fiscal year with an anticipated growth rate from last year to FY 22/23 of 9.5% for local option sales tax revenue. The projected increase of local option sales tax revenue is of particular assistance to Knoxville schools in that they receive approximately 72% of every local option sales tax dollar. Additionally, hotel/motel tax is trending upward, with a marked increase over the prior year. The 50 cent property tax revenue will also help greatly by ensuring the City can recruit and retain quality employees and combat some of the effects of inflation.

The City's tax base is also expected to continue to grow due to new businesses moving into the area across multiple industries. An outcropping of this is that the number of building permits issued by the City increased by 30 percent over the past two years (2020 and 2021) and is expected to continue. Additionally, the City, along with the Sports Authority of Knoxville and Knox County, are planning to begin construction of a Multi-Use Stadium, which is anticipated to spur further development in the surrounding area of the Knoxville's "Old City." This will increase sales tax revenue, hotel/motel tax revenue, and boost businesses in the downtown and "Old City" area of Knoxville in general.

Conclusion

The City continues to rebound from the effects of the pandemic. The cautiously optimistic projected revenue growth combined with new businesses and the new ballpark, with associated businesses, bode favorably for the City's finances. S&P Global Ratings likely put it best when they upgraded the City's rating from AA+ to AAA and said "the upgrade reflects Knoxville's ongoing and future economic growth, coupled with strong fiscal management that has resulted in a robust financial profile." In sum, the City remains financially sound and has developed a proposed budget that continues to provide high quality core services for the citizens of the City of Knoxville. The remainder of this budget includes additional summary material, and a more detailed discussion of revenue and expenditure trends. It is hoped that these materials will provide the reader with a more thorough understanding of the operating budget.

BUDGET COMPARISON – ALL FUNDS

*In FY 22-23 there were twelve (12) cadet positions added to the Police Department and the Crime Stoppers Position was moved to the Violence Interruption Department (Admin).

Changes in Full Time Budgeted Personnel

Fiscal Years 2021/22 - 2022/23

*In FY 16/17 management of the Public Assembly Facilities was assumed by an independent contractor. Any remaining city employees became employees of the contractor. This change accounted for a reduction of thirty-three (33) positions and should be considered when making comparisons.

*The Property Assessor is required by law to complete a reappraisal of property at least every four years. FY2023 is an appraisal year and the last appraisal was completed in 2017. Whenever a property reappraisal occurs, cities and counties are required to adopt a "Certified Tax Rate". This is the rate that would generate the same amount of tax revenue as before reappraisal. The tax rate for the City and the County are estimates as the The Property Assessor's office is currently working through the appraisal process. The "Certified Tax Rate" for the City and the County were unavailable at press time for this schedule.

> At press time this is a best estimate. The reappraisal projections will be impacted by the outcome of the ongoing appeals.

* The Property Assessor is required by law to undertake a complete reappraisal of property at least every four years. These reappraisals were completed in 2001, 2005, 2009, 2013, 2017 and 2022.

Note that the assessments for each calendar year are reflected in the budget for the following year. For example, the 2021 assessments are used in the FY 21/22 budget. Residential property is assessed at 25% of the appraised value. Commercial/Industrial property is assessed at 40% of the appraised value and public utility property is assessed at 55% of the appraised value. The majority of public utility property is appraised by the Tennessee Public Service Commission. Personal property is assessed at 30% of the appraised value.

Total General Fund budgeted revenues and sources for FY 22/23 equal \$275,615,900. This is a 8.7% increase compared to the FY 21/22 budget of \$253,558,130. Operating revenue totals \$275,615,900 which is \$35,166,080 or 14.6% above the budgeted FY 21/22 operating revenue. A budgeted use of unassigned fund balance is not required for FY 22/23, which is a \$12,951,090 (100.00%) decrease from FY 21/22.

The overall revenue picture for FY 22/23 has improved over the previous year as concerns over the COVID-19 pandemic have lessened. Specifically, market driven sources such as state shared sales taxes and local option sales taxes are projected to be higher than the previous year. The pandemic did negatively affect City revenue generated from entities/activities like City owned golf courses, Parks and Recreation programs, the Convention Center, the Knoxville Civic Auditorium and Coliseum, and other smaller programs. The City anticipates a moderate recovery in most of these market driven sources of revenue to occur in FY 22/23.

With the evolution of the administrations priorities, which include public safety, healthy and connected neighborhoods, a clean & resilient future, thriving businesses & good jobs, and good governance, the City has reassessed the allocation of its property tax rate between the General Fund and the Debt Service Fund to better support these priorities and initiatives.

Property tax revenue is the largest single revenue source of the city. In FY 22/23, it is expected to grow by 14.3% over the previous FY. The revenue received from personal property taxes and public utilities, such as railroads and others who use the City's infrastructure for their operations, is expected to increase slightly. Additionally, this is the second FY the "Hall" income tax has been eliminated. This was budgeted at \$1.6 million in FY 20/21.

In short, the City's overall revenue picture for the general fund is positive, with an anticipated continued steady recovery from any negative effects of the pandemic. However, the City remains financially postured to weather future possible effects of these revenue shortfalls just as it has done in the past.

TAXES

The largest single category of revenue to the General Fund is taxes. This one category equals \$247,802,710 or approximately 89.9% of the total operating revenue in this fund.

Property Taxes

The largest revenue source within this category is property taxes. Property taxes are, in turn, divided into three types: taxes on real property, taxes on personal property, and taxes on public utilities.

There are four factors that determine revenues from property taxes:

1. The assessed value of property;
2. The state equalization rate;
3. The collection rate on property taxes; and
4. The tax rate itself

Assessed Value and Equalization Rate:

Tax year 2022 is a reappraisal year, and the City of Knoxville Finance Department will be working with the Property Assessor to certify a tax rate that equalizes the current rate of \$2.4638 per \$100 assessed value. This process does not gain nor decrease comprehensive revenues to the City. At press time, the Assessor expects 41.06% overall growth but category estimates were not available.

Historically, growth in the value of new real property in Knoxville would be considered fairly moderate, and not characterized by the boom/bust cycles of many cities. The normal annual rate of growth falls in the 1% to 2% range, with some exceptions along the way. The past 10 years, with the exception of reappraisal years, have been characterized by this same fairly moderate growth. For tax year 2022 the Knox County Property Assessor's office has projected an average increase of 41.06% in the assessed value of property in the County due to reappraisal. This represents price appreciation rather than new growth which remains on average in the 1% range. We expect limited change in residential, industrial, and commercial property. At this time, we are forecasting an increase of 1.5% in overall property values for the upcoming year.

For FY 22/23 the forecast for real property assessments is \$6,847,124. The projected amounts for FY 22/23 are based upon the latest available data from the Assessor's Office.

The Property Assessor is unable to supply final estimates on the assessed value of personal property until after the adoption of the budget. Personal property tax growth rates have shown much more volatility than real property. In the past ten years the change in assessed value has been mostly negative, with a few dramatic upticks, primarily during the reappraisal cycle. In FY 17/18 the assessed value increased over the prior year by 5.0% while FY 20/21 it reduced by 9.1% from the prior year. In FY 22/23 we anticipate a return to relatively flat to small gains in assessed values for personal property. For the upcoming year we forecast the change in assessed value to be up by approximately 1.5%. As with real property, we did not have final numbers from the Property Assessor's Office until after passage of the budget. The actual tax roll for tax year 2021 was slightly higher than we had projected, which adds the uptick in forecasted FY 22/23 revenues from the FY 21/22 budget.

The third set of property tax revenues comes from taxes on public utilities, which are assessed by the Division of State Assessed Properties under the Office of the State Comptroller. These values are not supplied until January or February of the subsequent year and have typically varied little unless affected by a change in the equalization rate. The FY 21/22 valuations showed an unexpected increase in values from our early forecast, a situation we expect to continue, in FY 22/23.

Tax Rate:

An increase in the tax rate is anticipated for FY 22/23 and the budget is based upon a total tax rate of \$2.9638 per hundred dollars of assessed value. This is an increase from \$2.4638/\$100 assessed value. The tax rate is apportioned between the Debt Service Fund and the General Fund. In FY 22/23, \$0.2158 of the tax rate goes directly to the Debt Service Fund. The portion of the tax rate used for General Fund purposes is \$2.7480.

In FY 22/23 current property taxes are expected to generate \$144,438,580.

Tax Discounts

The City offers a one percent discount on property taxes paid before the end of October. For FY 22/23 the anticipated discount in the General Fund is \$734,950, which is \$85,880 more than the FY 21/22 budgeted amount. The greater amount is due to the increase in the tax rate as we do not believe the percentage of individuals receiving a discount will deviate much from the current year.

This discount represents a reduction in the amount of revenues available to the General Fund but allows the City to better manage cash flow, avoid the need to issue tax anticipation notes, and increase interest earnings.

Payments In Lieu Of Taxes (PILOT)

Other revenues within the tax category include the payment in lieu of taxes (PILOT) from the Knoxville Utilities Board (KUB) and Knoxville’s Community Development Corporation (KCDC). The payment from KUB is based upon two components, one being the estimated property value owned by KUB and the second being an average of overall revenues. In FY 22/23 the KUB PILOT payment is forecast at \$23,059,290 which represents a budgeted increase of \$1.724 million from the prior year. This is based upon the change in actual revenue received for FY 21/22, due to the change in the equalization rate property held by KUB, the addition of broadband and anticipated growth in average net revenues. The amount from KCDC is now forecast to yield \$222,000 which is a increase of \$25,750 or 13.1%. This decrease is due, in part, to the redevelopment strategy of the City.

Sales Taxes

The City imposes, as the result of local referenda, a 2.25% local option sales tax on all sales within the city limits. Approximately 72% of the proceeds from the tax go to the Knox County School District, with the balance flowing to the City’s General Fund. The revenues from this source comprise the second largest source of revenue within the tax category. In FY 22/23, local option sales tax revenues are estimated at \$51,495,010 or 18.7% of total General Fund operating revenues. While a decline was originally projected for FY 21/22, due to cautionary budget measures around the pandemic, we are now projecting an increase for both the current fiscal year (FY 21/22) and the ensuing fiscal year (FY 22/23) as shown in the graph below.

As shown in figure 1, growth in sales tax receipts was steady from FY 12/13 through FY 19/20. The large jump in FY 15/16 collections is due largely to a one-time reallocation of tax between Knox County and the City of Knoxville.

Sales tax receipts were initially expected to decline in FY 21/22 due to a projected decrease in consumer spending brought on by the COVID-19 Pandemic. However, the opposite happened as residents largely spent their disposal income locally. A slight increase is now projected for FY 21/22 as well as a projected revenue of \$51,495,010 for FY 22/23.

Other Taxes

Revenues from the beer tax and mixed drink tax, have, in recent years, shown small to modest growth, a trend we expect to slow in FY 22/23. Mixed drink taxes are forecast to generate \$2,550,000, which is \$445,000 up from the FY 21/22 budget. Revenues from beer taxes are expected to decrease by \$1,113,000 or 15.2% when compared to the FY 21/22 budget. Total revenues from the beer tax are forecasted at \$6,200,000. This tax has shifted from a price based tax to an excise based tax so we expect future growth to be relatively flat.

Wholesale liquor inspection fees have also been relatively flat over the past two years and is a pattern we expect to continue in the upcoming year. Revenues from this source are expected to generate \$4,600,000 in FY 22/23.

Revenue from business taxes are expected to remain relatively the same. For FY 22/23 we project growth of less than one percent (0.4%) over anticipated FY 21/22 collections. Projected revenue from this source in FY 22/23 is \$7,000,000, an increase of \$30,000 or 0.4% when compared to the FY 21/22 budget.

Cable television franchise taxes from Comcast, AT&T, and WOW are projected to be up slightly when compared to the FY 21/22 budgeted amount, mostly due to the addition of broadband services by KUB. These revenues are now forecast at \$1,600,000, which is \$— equal to the amount budgeted in FY 21/22.

INTERGOVERNMENTAL REVENUE

The second largest revenue category of the General Fund is intergovernmental revenue, i.e., revenue that comes from another governmental unit, primarily the State of Tennessee. This category of revenue accounts for \$24,865,110 or 9.0% of total operating revenue. Overall, we expect this category of revenue to be up by \$2,523,990 compared to the FY 21/22 adopted budget.

The largest single revenue within this grouping is the state shared sales tax. Current year revenues from this source are now forecast to end above budgeted estimates for this year and will continue to increase in the upcoming year. The total estimated amount in FY 22/23 from this source is \$20,002,110. This is \$2,302,110 above the amount budgeted in FY 21/22.

The second largest revenue within the intergovernmental category is the city's portion of the TVA gross receipts. This revenue is forecast to be constant when compared to FY 21/22. The revenue from this source is now forecast at \$2,000,000.

The City also receives a number of other state-shared revenues. Revenue from alcoholic beverage tax is expected to be up slightly when compared to FY 21/22 budget and revenues from beer taxes are expected to be up from FY 21/22, a total of \$85,000.

Revenue from the state excise tax, a tax upon the net earnings of state and national banks chartered in Tennessee, is expected to remain the same for FY 22/23, yielding \$830,000.

Revenue from the streets and transportation tax is expected to be up slightly when compared to FY 21/22. This revenue is budgeted at \$353,000.

The City receives funding from the federal government to help offset the cost of several positions within the police department. This includes the payment of overtime for officers working in KCDC housing and other areas. The funding is listed as federal contribution, the total amount budgeted for FY 22/23 being \$700,000, slightly lower than the previous year.

OTHER REVENUE

There are four other categories of operating revenue to the General Fund, these being licenses and permits, charges for services, fines and forfeits, and miscellaneous revenue. The combined total from these sources is \$2,948,080, or 1.07% of the total operating revenues to the General Fund. A breakdown of these revenues for FY 21/22 and FY 22/23 is shown in Table 2.

Overall, the category of "Licenses and Permits" is up by \$8,350 when compared to the budget for FY 21/22. Within this revenue category most of the accounts are expected to be slightly up when compared to the FY 21/22 budget. The largest expected increase is from liquor by ounce fees, which is expected to increase by \$195,000. Beer privilege tax fees are also expected to increase by \$67,500.

TABLE 2
Other Revenue Categories

	FY 21/22 Budget	FY 22/23 Projected Revenues
Licenses & Permits	\$ 318,410	\$ 326,760
Charges for Services	1,553,530	1,508,810
Fines & Forfeits	550,860	546,600
Misc. Revenue	797,910	565,910
TOTAL	<u>\$ 3,220,710</u>	<u>\$ 2,948,080</u>

The amount expected to come from "Charges for Services" is projected at \$1,508,810, which is \$44,720 or approximately 2.9% less than the amount budgeted for FY 21/22. This decrease is largely concentrated in a few accounts. Revenues from Caswell Park concessions are expected to decrease by \$17,950. Revenues from recreational program fees are expected to decrease by \$12,400 to \$70,100.

The category of "Fines and Forfeits" is forecast to generate \$546,600, a decline of \$4,260 or 0.8%. This loss is partially due to the expected decreases in general session fines. These are expected to decrease by \$16,000.

The category entitled "Miscellaneous Revenue" is projected at \$565,910, which is \$232,000 lower than the amount budgeted in FY 21/22. The reason for the loss is almost exclusively interest earnings which are forecast to decline by \$247,000 to \$300,000. Proceeds from the sale of fixed assets and equipment are expected to remain constant at \$45,000. The remaining revenue sources are expected to remain steady as well.

Transfers In

There is one transfer into the General Fund from other funds, which represents the amount of revenue in excess of expenditures that is generated by the Municipal Court. Fines and costs collected by the Municipal Court are running below expectations for FY 21/22. We expect revenue from this source to continue to decline in the upcoming fiscal year. We do not anticipate having excess City Court fees in FY 22/23.

Non-Operating Revenue

The FY 22/23 General Fund does not anticipate any use of unassigned fund balance.

General Fund Revenue Comparison

FY 2021/22 - 2022/23

GENERAL FUND REVENUE

Account Number	Revenue Source	FY 2019/20 Actual	FY 2020/21 Actual	FY 2021/22 Budget	FY 2022/23 Proposed

GENERAL FUND EXPENDITURES**General Fund Overview**

General Fund expenditures for FY 22/23 total \$275,615,900. This represents an increase of 8.7% when compared to the FY 21/22 General Fund budget of \$253,558,130. The following narrative describes the major expenditure changes by department. The purpose of this section is to provide a general overview of all expenditure categories. A summary of the General Fund Adopted budget is as follows:

	FY 21/22 Budget	FY 22/23 Proposed Budget	Change	% Change
Personnel Services	\$ 112,834,710	\$ 128,783,180	\$ 15,948,470	14.1 %
Supplies	7,928,730	8,512,310	583,580	7.4 %
Other Charges	64,116,380	66,552,870	2,436,490	3.8 %
Other Uses	68,678,310	71,767,540	3,089,230	4.5 %
Totals	<u>\$ 253,558,130</u>	<u>\$ 275,615,900</u>	<u>\$ 22,057,770</u>	<u>8.7 %</u>

As the above schedule reflects, increases for Personnel Services (14.1%), Supplies (7.4%), Other Charges (3.8%) and a decrease for Other Uses (4.5%) are further explained below:

Personnel Services

The amount budgeted for "Personnel Services" (i.e., salaries, benefits and related costs) is \$128,783,180. Overall costs for this category increase by \$15,948,470 from \$112,834,710 to \$128,783,180, or 14.1% when compared to the FY 21/22 budget. This increase is primarily due to the annual 2.5% salary increase prescribed by ordinance, and recommendations of a comprehensive, third-party analysis completed by Management Advisory Group, Inc. This increase also included the adoption of four new positions funded within the General Fund for the FY 22/23 budget. This increase also included the addition of four new positions funded within the General Fund for the FY 22/23 budget. Salary determined benefits such as social security, Medicare and pension contribution rise accordingly. The impact on specific departmental budgets is discussed in more detail below, and in the executive summary.

Supplies

The category of "Supplies" is used to account for such things as office and operating supplies, annual software licensing fees, repair and maintenance items (chemicals, road salt, etc.), and operating equipment not provided for in the equipment replacement funds or the capital budget. The budget for the Supplies category grows by \$583,580 from \$7,928,730 to \$8,512,310, or 7.4%. Computer software maintenance charges represent \$1,953,350, or 24.6% of total supplies costs. Computer software maintenance charges represent \$2,715,960, or 32.9% of total supplies costs. The City continues to invest in newer and more productive software, and the associated annual maintenance/licensing costs continue to rise as well.

Other Charges

The category of "Other Charges" covers such expenditures as postage, professional services, equipment leases, internal service fund charges (fuel, fleet maintenance, insurance, etc.), and various other items. The budget reflects an increase of \$2,436,490 to \$66,552,870 when compared to the previous fiscal year. Much of the growth is in misc. professional services costs (\$1,392,640) and repair and maintenance services charges (\$437,400).

Other Uses

"Other Uses" reflect the movement of financial assets among City funds by transfers. The majority of the transfers support the operational needs of various other funds. The total amount of transfers from the General Fund is \$71,767,540, an increase of \$3,089,230 or 4.5% when compared to FY 21/22. Much of this is due to the Capital Funding.

Administration Department

The budget for Administration increases to \$8,719,580. The Personnel Services budget increases slightly by \$8,530 from FY21/22 and includes the proposed salary increase. Supplies go up by \$32,180, much of which is for software maintenance. Other charges and services are up \$2,392,420 with the increase mainly due to shifting the Entrepreneur Center Maker City and Innov865 and the Knoxville Chamber funding from Finance to Administration, and the addition of funding for the Boys & Girls Club shifting from Community Agency Grants to Administration. KGIS charges have shifted from various departments into Administration. Additional funding is provided for SPARK-Cleantech Accelerator Program (\$100,000), Opportunity Knox Loan Program (\$30,000), Community Solar Foundation (\$48,000), and the KUB Broadband Grant Program (\$300,000).

Finance Department

The budget for the Finance Department is \$5,786,950, an increase of \$767,710. Personnel Services costs will be increasing due to the proposed salary increase and the addition of a new Analyst in the Accounting Division. Miscellaneous Professional Services will be increasing by \$140,000 to allow the consulting with two Accounting Firms, and subcontract labor for IT initiatives. The City will also be investing in the Professional Development of our employees. We are expecting an increase of \$174,970 in Knox County Payments for the City's portion of the Knox County Personal Property Audit and annual reappraisal cost. Operating Supplies will stay the same this year.

Information Systems Department

The FY 22/23 budget for the Information Systems Department is \$5,565,990, an increase of \$653,160. Personnel Service costs increase by \$185,740. Supplies increase by \$369,910 due to computer software maintenance. Other Charges increase by \$97,510 for equipment replacement charges.

Community Development Department

The budget for Community Development (Economic Administration) is \$2,420,070 representing a increase of \$118,780 or (5.2%) from the prior year's budget. This difference is driven by increases in personnel costs, including the addition of a new Homeless Program Coordinator to assist in managing the city's widespread efforts to combat homelessness.

Public Service Department

The Public Service budget for FY 22/23 is \$29,899,720, an increase of \$2,849,130 from FY 21/22. Personnel Services cost increases from \$15,365,280 to \$17,124,510, an increase of \$1,799,380. This increase is mostly the result of a compensation study performed by the City of Knoxville Human Resource Department. The budget for Operating Supplies increased slightly by \$145,430 to \$1,433,590. Other Charges increases by \$944,470 to \$11,341,620. Some of the increase for Operating Supplies and Other Charges can be attributed to the increase in materials and supplies.

Engineering Department

The Engineering Department general fund budget goes up \$551,030 (6.7%) to a total of \$8,811,930 when compared to FY 21/22. Personnel Services expenditures increase \$657,230 for the proposed salary increase and additional funding for overtime. Supplies costs and Other Charges decrease by \$106,200. Most of the decrease is due to KGIS charges shifting from Engineering to Administration. Additional funding is provided for school flasher connectivity (\$31,000) and Permit Software (\$24,000).

Parks and Recreation Department

The Parks and Recreation budget for FY 22/23 increases by \$562,830 to \$8,853,620. Personnel Service costs increase by \$271,960 to \$4,675,550. Supplies increase by \$4,200 to \$342,810. Other Charges increase by \$286,670 to \$3,835,260. The increase in overall budget is driven by increases in annual fees and contract services.

Mass Transit Department (Grant Match)

The Knoxville Area Transit (KAT) budget is shown in a separate fund. However, the City's match for federal/state grants to transit is found in the General Fund. The allocation for Mass Transit Grant Match for FY 22/23 decreased from \$2,050,760 to \$1,160,000. This is due, in large part, to a new grant application to expand the City's electric bus fleet. The remaining monies is the match for transit system's formula (Section 5307) allocation and the bus and bus facilities program (Section 5339). These matching funds account for ten percent of the total of the two grants representing an overall increase in federal and state funding reflected in FY 21/22 actual allocations.

Law Department

The FY 22/23 Law Department budget increases by \$433,910 to \$2,581,530. Personnel Service costs increase by \$101,000. Supplies decrease by \$1,500. Other Charges increase by \$334,410 due to outside legal counsel fees and consulting services charges.

Police Department

The FY 22/23 budget for the Police Department is \$69,997,420, an increase of \$9,336,060. Personnel Services expenditures are up \$7,099,020 for proposed salary increases. Supplies budget increases by \$334,510 and the budget for Other Charges increases by \$1,902,530.

Fire Department

The FY 22/23 budget for the Fire Department is \$49,319,610, an increase of \$5,339,860 when compared to the FY 21/22 budget. Personnel Services is up by \$4,774,900 for the proposed salary adjustments, mostly due to the compensation study. Supplies charges decrease \$33,055. The Other Expenses category increase \$598,015. Most of the increase is for water hydrant service charges and internal service charges.

Legislative

The Legislative budget increases by \$53,720 to \$1,084,730. Personnel Service costs increase by \$22,330. Other Charges increase by \$31,390 due to outside legal counsel fees.

Civil Service

The Civil Service budget for FY 22/23 increases \$68,020. Personnel Services cost increase of \$61,260 is mostly due to compensation study adjustments to salaries and related benefits.

Human Resources

The FY 22/23 budget for the Human Resource department is \$929,770, an increase of \$141,670 when compared to the FY 21/22 budget. Personnel Services increased by \$233,580 as a result of the proposed salary increases, and the approval of a new Administrative Manager II position as a part of the FY23 budget. Operating Expenses for the department were reduced by \$91,910 due to the reduction in Professional Services expenses after the completion of the Citywide Compensation Study. This department is entering its 2nd full year of operations and operational needs are being evaluated on an ongoing basis.

City Elections Division

The budget for elections is \$500,000. Pursuant to state law, all elections are managed by the Knox County Election Commission. The Commission charges the City for its proportionate share of any primary or general election costs.

OTHER FUNDS

State Street Aid (Fund 201)

The State Street Aid budget is \$6,401,000, an increase of \$198,000. Within this fund, \$1,869,960 is allocated to transfers for capital improvements, a decrease of \$190,530 from FY 21/22. Debt Service transfers of \$1,480,990 are included for various street maintenance programs.

Abandoned Vehicles (Fund 209)

The FY 22/23 budget for the Abandoned Vehicles Fund remains relatively constant at \$948,420 which is an increase of 6.9% over the previous FY. This difference is primarily due to an increase in personnel costs.

City Court (Fund 213)

The FY 22/23 budget for City Court is \$1,434,240 compared to \$1,191,280 in FY 21/22 . Personnel Services costs increase \$161,260. Supplies increase \$3,220 for computer maintenance fees. Other Charges remain level. City Court will not have a transfer of excess court costs to the General Fund in FY 22/23 compared to \$157,220 in FY 21/22.

Emergency Management Agency (240070)

The Emergency Management Agency budget for FY 22/23 is \$791,910. Apart from regular salary increases and operating charges for the new fiscal year, the increase is due to the preparation to move EMA offices to the new Public Safety Complex

Home Grant (Fund 264)

The FY 22/23 budget for the Housing Fund or the HOME grant is \$1,624,880, the same as FY 21/22. Both Federal grant funding for the HOME program and program income receipts are expected to remain constant this year. Grant funds and program income from previous years do not need to be re-appropriated and also remain available to fund this year's projects as needed.

Community Development Block Grant (Fund 290)

This budget for the Community Development Block Grant (CDBG) fund for FY 22/23 is \$1,843,480, a decrease of \$64,360 (3.4%) from the previous fiscal year. Although program income receipts will likely remain steady this year, Federal funding is expected to decrease, resulting in a lower budget overall. As with the HOME grant fund, appropriations from previous years do not lapse, and those dollars remain available to fund projects this fiscal year.

Public Assembly Facilities (Fund 503)

The Public Assembly Facilities Fund includes operations at the Civic Coliseum/Auditorium and Chilhowee Park. A third-party management firm manages these facilities. The FY 22/23 budget for the Public Assemblies Fund is \$3,551,920. This budget includes \$1,700,000 for equipment and facility improvements for the Coliseum.

Metro Parking (Fund 504)

The Metro Parking Fund accounts for the operation of city owned garages, parking lots, and on-street parking enforcement. These facilities are now contractually managed by the Public Building Authority for the City. The FY 22/23 budget totals \$5,382,180, an increase of \$279,900. The FY 22/23 budget includes \$400,000 in parking garage equipment. Operating expenses have increased slightly as a result of the creation of some new positions within the Public Building Authority to monitor the on street parking.

Mass Transportation (Fund 507)

The FY 22/23 budget for Mass Transit operations increases by \$1,346,230 to \$31,077,980. Part of the increase is in Personal Services which changed from \$19,026,707 to \$19,801,310. The increase in Supplies is attributable to operating related expenditures in the areas of uniforms and computer maintenance charges for which supplies overall cost increased from \$3,074,230 to \$3,138,730, or \$64,500. Other Charges increased by \$506,490 due primarily to an increase in depreciation expense for vehicles. The General Fund contribution to fund transit operations decreases by \$3,476,840 for FY22/23 to \$9,838,500 from \$13,315,340 in the previous fiscal year.

Golf Courses (Fund 508)

The City Golf Courses Fund accounts for the operations of the City's two 18-hole courses, Whittle Springs Golf Course and Knoxville Municipal Golf Course. Both are managed by Antares Golf/Indigo Golf Partners. The total budget for the Golf Course Fund is \$1,489,160.

Knoxville Affordable Housing (Fund 631)

This fund was created in FY 21/22 to advance affordable housing opportunities in Knoxville; by ordinance, the City must commit at least \$5,000,000 annually for 10 years. The FY 22/23 budget exceeds this minimum, appropriating \$8,572,960. This is an increase of \$395,100 (4.8%) from the prior fiscal year. This year, these funds will support a Housing Finance Specialist staff position, the Affordable Rental Development Fund, the Austin Homes and Western Heights redevelopment projects, and the Affordable Housing Trust Fund at the East Tennessee Foundation. The City's funding will be supplemented by an additional \$1,500,000 in Federal funding to create permanent supportive housing in the area.

Fleet Services (Fund 702)

The Fleet Services Operating Fund increases by \$838,290 (7.9%) to \$11,491,240. This change is the result of many factors. The cost of the replacement of the Lorraine Street Fuel Site (an estimated \$571,020) is included in this year's budget, and Personnel Service costs increase by \$95,130 (3.0%). In addition, the Parts budget increases \$156,260 and the budget for outside repair work increases \$198,000 due to the drastic price increases brought on by the pandemic.

Risk Management (Fund 704)

The FY 22/23 budget for the Risk Management Department increased \$845,770 to \$7,454,260 when compared to the FY21/22 budget (\$6,608,490). The majority of the increase comes from increases to personnel, and subsequent workers compensation claims, as well as internal service charges such as building rent and fleet service charges as well as the recently approved agreement for the operation of The Center.

Health Care (Fund 705)

The FY 22/23 budget for the Health Care services fund increased by \$286,360 from \$21,925,770 to \$22,212,130. Personnel Services costs (\$21,310) and Other Charge costs (\$275,090), used to purchase external insurance and fund self-insurance claims, account for the increases in this fund. There was a decrease in Supplies of \$10,040.

City Buildings (Fund 707)

The City Buildings Fund encompasses building services provided to two facilities: the City County Building and the Public Works Complex. The City Buildings Fund will soon encompass the new Public Safety Building which is scheduled to be completed during this Fiscal Year. The FY 22/23 budget for the City Buildings Fund increased by \$1,378,690 from \$2,988,030 to \$4,366,720. This budget does include charges for the new Public Safety Building. The charges for the City County Building services is split between the City and County, 28.7% and 71.3% respectively.

The City of Knoxville, like other cities, occasionally needs to borrow money in order to complete various capital projects. In the past the city has issued debt for such items as road paving and construction, fire station construction, waterfront development, storm sewer improvements, land acquisition and improvements at the World's Fair site, conversion of the streetlight system to LED, the new Convention Center, and various other projects. As of June 30, 2022, the long-term debt of the City, excluding revenue supported debt of the Knoxville Utilities Board (KUB) and the Metropolitan Knoxville Airport Authority (MKAA), will be \$178,295,000. As KUB and MKAA are not a part of the City's operating budget the following analysis focuses only on the debt of the general government.

The debt of the City can be separated into two basic categories: general obligation bonds; and enterprise fund debt. A breakdown of general government debt by category is shown in Table 1.

The debt service on the general obligation bonds as well as the other category of debt is shown in Fund 305, the Debt Services Fund. The final category of debt, Enterprise Fund debt, debt attributable to the Convention Center, is consistent with proper accounting procedures, budgeted within the appropriate enterprise fund.

The primary revenue to this fund comes from a property tax levy of 21.58¢ per \$100 of assessed value. Property tax is projected to yield approximately \$11.56 million. Interest earnings are forecast at \$200,000. The Public Building Authority is also obligated to repay a portion of the 2012 Refunding bonds. For FY 21/22 that amount is \$185,750. A transfer of \$1,480,990 from the State Street Aid fund to cover the cost of debt for the street light conversion and other street related work makes up the balance.

TABLE 1			
Type of Debt	Principal Outstanding 6/30/22	Principal Paid In FY 22/23	Principal Outstanding 6/30/23
G.O. Bonds & Notes	\$102,695,000	\$ 7,575,000	\$ 95,120,000
Enterprise Fund Debt	75,600,000	5,900,000	69,700,000
Total	<u>\$178,295,000</u>	<u>\$ 13,475,000</u>	<u>\$164,820,000</u>

In the FY 20/21 the City refinanced \$58.9 million of existing debt and borrowed \$62.5 million for the construction of a new safety building and other various projects. In FY 21/22 the City borrowed an additional \$18 million due to the effect of the COVID-19 pandemic on construction costs. With the refunding, the City was able to capture approximately \$5 million in savings over the life of the debt.

Debt Limitations

There are no limits on the amount of debt that can be issued by a municipality within the State of Tennessee (TCA 9-21-103). All notes and bonds must be approved by the state Director of Local Finance prior to issuance. This review/approval may address debt structure, maturities, and consistency with the City's established debt policy.

We believe that the current debt of the City is within acceptable guidelines, as established by the State and the various rating agencies in Table 2.

The following pages show a complete debt service schedule of principal and interest payments for FY 22/23, as well as a complete amortization schedule by year.
